WORK EXPERIENCE

Bioinformatisist - Wright Labs

Part-time; Aug 2025 - present

Works focuses primarily on developing tools for researchers (nextflow pipelines, excel functions) and performing statistical analysis.

Language Instructor - Appalachia Intermediat Unit 8

Part-time; Oct 2025 - present

Part-time work giving introductory Japanese lessons to schools with limited foreign language programs in Pennsylvania. I prepare lectures to complement the Japanese language curriculum provided by AIU8, as well as providing assistance to students and grading coursework.

Anthropology Research Assistant - Juniata College

Internship; May 2022 - July 2022

Assisted lab in cataloging finds from the Fort Ligonier site. Work involved identifying items, bagging those items alongside a card containing relevant information and an identifying number, as well as adding this information to an excel database.
